Dear Parents of Elementary School Students,

Hi! My name is Melanie Jarvis and I am a speech therapist for Crossway Pediatric Therapy. I work with students to help improve their articulation and increase their phonemic awareness and language skills, and I love it! I know many of you have children for whom you have concerns in one or all of these areas or are concerned that over the summer they may lose the gains they have made this year. Last year, I offered a summer program called LEAPS, and am planning on offering it again this summer, but wanted to determine who is interested.

I will work with groups of 3-4 children (preferably grouped by age and/or ability) for an hour per session doing fun learning activities to address articulation, phonemic awareness, and language. The cost would be at or around $25 per session and would take place in the Crossway clinic at 9111 Monroe Road, Suite 100. If this is something you may have interest in, please complete the form below and return to Brooke Crowson by April 1st**.** This will give me a better idea of how to structure this service and who is interested. There is no commitment at this time; this is only to gauge interest. If you would like to talk to me to discuss this, please feel free to call my cell phone at 704-340-6245. Thank you for your time.
